*for successfully completing the workshop series:*

*“Thoughtful Pedagogy for Diverse Learning Environments”*

Presented on March 24, 2017

In this six-week interactive workshop series, participants learned about and applied research-based techniques for creating supportive, inclusive learning environments that honor the diverse experiences of students and instructors. Participants attended at least five of the six workshops in the series and completed a capstone project. Topics addressed in the series included:

- *Inclusiveness and Supportive Networks for Student Success*
- *Fostering Student Motivation In and Out of the Classroom*
- *Supporting Students Outside of the Classroom*
- *An Introduction to Contemplative Pedagogy*
- *Student-Centered Pedagogy for STEM Classrooms*
- *Strategies for Student Engagement with Evidence in Humanities & Social Science Classrooms*
